

You're on the rise  
and determined  
to overcome.

**ON** *the* **RISE**

A RESEARCH STUDY OF  
Northwestern University

Northwestern University is looking for African American teens ages 14-19 and their parent / guardian to take part in a paid research study seeking to discover the challenges you face as a teen and how they affect your health.

Help scientists  
make big discoveries

Learn about  
your health

Get compensated up to  
\$925 for your family's time

Discover a  
world-class university

Interested in the research study, or have a teen interested? Learn more and sign up!
